

OCCUPATIONAL HEALTH AND SAFETY POLICY

We, as **Bimed A.Ş.**, consider people as our most valuable asset and we undertake to protect our employees by preventing the accidents and impairment to health arising from course of work.

Accordingly our work and safety policy is as follows

- to provide healthier and safe work environment, to minimize potential losses and to internalize continuous improvement as our prior target,
- to determine, analyze and eliminate the risks arising from the processes and engineering changes in order to reach the target of minimum accidents and occupational illnesses,
- to prepare the employees for emergency cases by drill, training and other applications,
- to inform all our employees through training programs related to occupational health and safety, to comply uncompromisingly the standards of occupational health and safety to improve our employees' self-awareness and to encourage them to be healthy,
- to meet all the obligations (regulations, OHSAS 18001 standard etc.) and work with all of our shareholders together to develop the HSE culture in our factory.
